They therefore request that the sum of Rs. 6100 sanctioned in G. O. Sir,

With reference to your letter No.1430/ M.222-12-2 dated the 12th October 1922 regarding the construction of a car for the use of the Sri Ramanathaswami temple at Mirusahi, Canara Taluk, I have the honor to forward herewith copy of letter No.M.C.III/1-17 dated the 31st January 1923 received from the Deputy Commissioner, Bangalore District, with its enclosures in original and to request that, as proposed by the Deputy Commissioner in para 5 of his letter, the construction of a bigger car may be sanctioned early in view of the fact that the present car is dangerous to human life.

2. The work may be entrusted to the Dharmadhikari, but under the general supervision of the Executive Engineer.

With regard to private contribution, I beg to say that in such cases, if the work is once started, the public will join the work readily.

I have the honor to be,

Sir,

Your most obedient servant,

Hurmi Commissioner.

Letter No.R.C.1154/16-17 dated 31st January 1933 from the Deputy Commissioner, Bangalore District, to the Muzrai Commissioner in Mysore:

"With reference to your letter C.C.300 of 32-33 dated 26/29th October 1932 calling for my views in the matter of constructing a new smaller car for the Sri Venkataramana temple at Mirimale in the Nagadi Taluk, I have the honor to state as follows:--

2. The construction of a smaller car within 2 or 3 thousand rupees was suggested long ago in Revenue Secretary's letter No.1070/ Muz.332-11 dated 27th October 1915 and Muzrai Secretary's letter No. 1073/Muz.332-13-6 dated 24th January 1916, but when the opinion of the Dharmadarsis and the devotees of the temple was called for, they said that a small car would not suit them and wanted one similar to the old one. The devotees urge that if the new car be small and not similar to the old one, there would be no attraction to the people, with the result that the gatherings during the Yatra now become less and would affect the income of the temple.

3. As regards the collection of subscriptions several petitions presented by the devotees in the matter show that they could not contribute for the car as the surplus amount at the credit of the temple was about ₹ 10,000/-. As per Controller's balance sheet, the balance at the credit of the temple on 30th June 1932 was - ₹ 10,813-1-1.

An attempt was made in the year 1912-13 to collect subscriptions by keeping a "ಕಾಣಿಕೆ ಹುಂಡಿ" at the time of the car festival, but this did not bring in any appreciable sum, the collections being only ₹ 25-3-0.

4. A special meeting of temple Dharmadarsis was convened on the 22nd November 1932 at which both the Sub Division officer and the Amildar were present. The Dharmadarsis were of opinion that a car alone similar to the old one and costing about ₹ 5000/- should be constructed, and that they themselves would undertake the construction of the car, if the sum of ₹ 6100/- sanctioned in Government
